

The New Forest Meddlars are a mixed Morris Side formed in 1990 and based Lyndhurst, a village that has been the 'capital' of the New Forest since William the Conqueror established the area as a royal hunting ground in 1074.

Our repertoire of dances is drawn from the variety of different traditions established in the villages of the Welsh border country and the Cotswolds in the South Midlands of England.

We welcome new members as dancers and/or musicians. If you are interested come and try a taster Morris session at: The Scout Hut Romsey Road, Copythorne on any Tuesday from beginning of October to end of April, where we practise each week from 8.30 - 10.00p.m.. During the summer months you can find us at local hostelrys around the Forest area.

This programme is as accurate as we can make it, but very occasionally last minute changes may be made to suit unforeseen circumstances.
